The Honorable Thomas J. Vilsack
The Honorable Sally J. Pederson
Members of the 78th General Assembly
State Capitol Building
Des Moines, IA 50319

Dear Governor Vilsack, Lieutenant Governor Pederson, and Members of the 78th General Assembly:

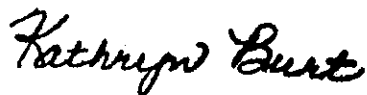

At the end of each year, the Iowa Commission on the Status of Women (ICSW) reviews its past accomplishments before proceeding on with the new year. It is with great pride that we present to you this *27th Annual Report* of the ICSW. The following pages detail the activities and programs that were carried out in 1998.

The primary goal of the ICSW is to help the women of Iowa participate fully in the economic, political, and social life of the state. While we work in this advocacy role, which is mandated by the *Code of Iowa*, we try to develop new ideas and to bring a fresh viewpoint to bear on the issues that face Iowa women and their families.

If you are interested in any of our concerns and issues, please call or write the ICSW at 515/281-4461 or icsw@compuserve.com or stop by the Commission office in the Lucas Building, and we will discuss them with you. On behalf of our Commissioners and the staff, I thank Governor Vilsack, Lt. Governor Pederson, and members of the General Assembly for the commitment you have indicated to improving the status of women by funding our Commission and passing legislation that helps Iowa women.

We look forward to working with you all in 1999.

Sincerely,

Kathryn Burt
Chairperson

Staff Members

Executive Director: Charlotte Nelson has served in this position since her appointment by the Commission and Governor Branstad in February, 1985. On July 1, 1986, she was appointed by the Governor, and subsequently confirmed by the Senate, as administrator of the Division on the Status of Women within the Department of Human Rights. In 1991 and 1995, she was reappointed as division administrator by the Governor and confirmed by the Senate.

Administrative Assistant 2: Ellen Failor assumed this position in October, 1990.

Program Planner 2s: Stephanie R. Pratt has served as the coordinator of publications and special projects since June, 1994. Rhonda Chittenden began in May of 1998 as the Challenge Grant Project Appointment to work on issues related to females in the juvenile justice system.

Intern: Dawn Egbert, Luther College, served as an intern during the summer. She worked on a publication on women and finance and a follow-up report to the *Employees' Wages and Benefits: Domestic Violence and Sexual Assault Projects* study.

SECTION 2: Legislation

Annually, the Iowa Commission on the Status of Women (ICSW) researches, submits, and advocates for a program of legislative priorities for Iowa in the areas of caregiving, economics, government, health, insurance, justice, violence against women, and welfare reform. The ICSW also advocates for women's interests at the federal level, testifies on behalf of women at legislative hearings, and monitors pending legislation for its impact on women.

1998 LEGISLATIVE ACTIVITIES

The Executive Director of the Iowa Commission on the Status of Women is registered as a lobbyist to the Iowa Legislature. Following are ICSW lobbying actions for the 1998 Legislation Session.

Adding women to the Iowa Constitution:

The ICSW passed a resolution supporting adding women to the Constitution, which was a ballot referendum on November 3, 1998, and subsequently, passed. The ICSW was also represented at the Secretary of State's Public Hearing on the wording of the amendment summary for the ballot.

Commission Appointees: Made contacts and submitted resume forms to Governor Terry E. Branstad for potential appointees to the ICSW.

Dental hygienists: The Commission contacted legislators and advocates in support of a bill regarding dental hygienists' representation on the Board of Dental Examiners.

Department of Human Rights receptions and open house: The ICSW planned and participated in a Department of Human Rights reception for Governor Terry E. Branstad. It also cohosted and exhibited at a department open house in the Lucas Building and at a reception at the Capitol for state legislators.

Displaced homemakers/single parents and sex equity programs:

The Commission met over telenet with displaced homemaker/single parents and sex equity program coordinators and the sex equity consultant for vocational education in the Department of Education (IDE), focussing on recent federal legislation removing set-asides for those programs. Subsequently, ICSW submitted a letter of inquiry about the change to IDE regarding the state's response to the federal changes.

Gender bias in *Code of Iowa*: The ICSW requested the Legislative Service Bureau to prepare pre-filed bills intended to remove gender bias from the *Code of Iowa*. It also provided information on gender-neutral language legislation in Iowa to the Connecticut Commission on Women.

Homeless youth: The Commission advocated successfully with the U.S. Department of Health and Human Services in opposition to \$7 million out of \$8 million cut in funding for street outreach for homeless youth.

Legal Services funding: The ICSW contacted legislators and advocates in support of the \$600,000 in funding through the Department of Justice appropriations bill for Legal Services of Iowa. Commission members called Governor Terry E. Branstad, encouraging him to sign the bill.

Section 2

Naming of Old Historical Building: The ICSW requested assistance from the Legislative Service Bureau on the procedure for naming the Old Historical building after Ola Babcock Miller, the first female to be elected Iowa Secretary of State in and founder of the Iowa State Patrol.

Pay equity: The Commission sent information on its support for pay equity legislation to the Iowa Office for State-Federal Relations in Washington, D.C.

Violence against women: The ICSW wrote to Governor Branstad requesting that he sign two bills related to domestic violence: the Domestic Abuse Death Review Team in the Health and Human Rights appropriations bill and the Family Violence Option in the Human Services appropriations bill. Likewise, it contacted legislators and advocates in support of the two pieces of legislation as well as on confiscating weapons from the homes of perpetrators of domestic violence. The Commission presented its 1998 Proposals to the Lt. Governor's STOP-Violence Against Women Coordinating Council and to the Iowa Organization for Victim Assistance. It also responded to requests for information from Representative Minnette Doderer on anti-stalking legislation and from Senator Maggie Tinsman on sexual abuse orders.

Vocational education legislation: The Commission called Representative Jim Leach in support of sex equity in vocational education legislation. It also prepared an Issue Brief regarding the loss of gender equity provisions in the Carl D. Perkins Vocational-Technical Education Act of 1998.

Welfare reform: The ICSW was represented on the Welfare Reform Advisory Group, the Limited Benefit Plan Work Group, the

Domestic Violence Work Group, and the Welfare Reform Coalition, seeking to make welfare reform work for Iowa women. The ICSW also participated in a conference call with Rose Kemp, Region VII Administrator of the Women's Bureau, U.S. Department of Labor, regarding federal regulations for Welfare to Work legislation. The ICSW reviewed those regulations, sending comments to Mary Wiberg, Sex Equity Consultant for Vocational Education, Iowa Department of Education.

LEGISLATIVE SUMMARY

The ICSW follows legislation pertinent to women and, in particular, those bills that relate to its Proposals to the Governor and the General Assembly. Following is a summary of 1998 legislation tracked by the ICSW, with its support or opposition identified.

Caregiving Bills Passed

SF 2280 increased the appropriation to the Department of Elder Affairs to make the case management program for long-term care of the frail elderly statewide. Effective 4/1/99. ICSW supported.

SF 2410 appropriated up to \$130,000 to be used by the Department of Human Services for a pilot project to develop recruitment and retention strategies and to provide additional training and support for nurse aides (low paid, predominantly female occupation) employed by nursing facilities, as a means of reducing staff turnovers. An advisory council, including a representative from the Iowa Caregivers Association, shall direct the project. ICSW supported.

Economics Bills Passed

SF 2280 appropriated \$125,775 through the ICSW for displaced homemakers programs--the

Section 2

same as previous fiscal years. ICSW advocated for an increase.

SF 2410 included an increase from 125% to 140% of the federal poverty level for families to qualify for basic child care assistance; ICSW requested adjusting the guidelines to 155%. Appropriation was made at \$7.2 million for child care assistance, \$3.7 million for protective child day care assistance, \$4.4 million state child care assistance, and \$636,641 for child day care resource and referral services. The administrators of the state child care assistance program and the family investment program shall develop a proposal for implementing, by April 1, 1999, a single point of access for clients of publicly supported child day care assistance. **SF 2312** specified child day care requirements for volunteers and increases the maximum number of children receiving care under the child care home pilot projects.

Government Bills Passed

HF2496 concerned the Iowa Public Employees Retirement System (IPERS), and included a provision that eliminates certain early retirement penalties for persons with at least 20 years of service at age 62; the effect recognizing that some employees (most often women) have been out of the workplace for a period of time during their careers. ICSW supported.

SF 2280 appropriated funds to the Department of Human Rights, including the ICSW for a total of \$335,804 and three full-time equivalent positions. ICSW supported.

Health Bills Passed

SF 2410 included \$1.5 million for pregnancy prevention grants on the condition that family planning services are funded, and \$1 million for adolescent pregnancy prevention planning for community-based programs. When combined with TANF and SSBG funds, this was a slight

decrease from the FY98 funds instead of the increase requested by ICSW.

SF 2280 appropriated \$75,000 for chlamydia testing. ICSW supported.

SF 2406 created the Iowa Empowerment Board and authorized local communities to create community empowerment areas and community empowerment area boards. This establishes a School Ready Children Grant Program for collaborative planning for, and funding of, early childhood programs. The Commission on Children, Youth, and Families was repealed by the Act.

SF 2075 created a dental hygiene committee within the board of dental examiners. The committee will include two dental hygienists and one dentist who have authority to adopt recommendations regarding practice, discipline, education, examination, and licensure of dental hygienists. They do not have the authority to operate an independent practice or to regulate dentists or dental auxiliary personnel. ICSW supported.

HF 2340 provided the inclusion of dentists and other doctors in volunteer health care provider program.

SF 2073 prohibited partial-birth abortion relative to a human fetus.

SF 2280 funded the Department of Public Health for the Primary Care Recruitment and Retention Endeavor (PRIMCARRE). ICSW supported.

SF 2280 appropriated \$1.105 million for maternal and child health services, \$61,693 for perinatal program, \$8.586 million for home care aide, and \$585,337 for senior health programs, and stipulated that the Department of

Section 2

Public Health shall apply for available federal funds for sexual abstinence education programs in accordance with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. ICSW supported.

Health/Insurance Bill Passed

HF 2517 provided the state matching funds required for new federal State Child Health Insurance Program (SCHIP) for children under the age of 19 years who are eligible under Title XXI of the federal Social Security Act. The Department of Human Services is charged with implementing HAWK-I, Healthy And Well Kids in Iowa, as of 5/14/98, which insures children of families between 133% and 185% of the federal poverty level. The Act also changes the Medical Assistance (Medicaid) Program beginning 7/1/98 to include children whose family income does not exceed 133 percent of the federal poverty level. HAWK-I replaces Iowa Healthy Kids Program, which was also repealed in this Act. ICSW supported.

Marriage and Family Bills Passed

HF 2516 made licensure for marital and family therapist and mental health counselors mandatory.

HF 382 prevented gays and lesbians from marrying in Iowa or allowing the rite to be valid in Iowa even if rite is performed outside Iowa or USA.

SF 2313 included a provision relating to child support to comply with requirements in the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

SF 2367 concerned county vital statistics on marriage licenses, and eliminates the county fee for county birth registrations.

SF 2261 established criteria for awarding

grandparents and great-grandparents visitation rights with grandchildren.

HF 677 related to an exception from mandatory participation in a court-ordered course by parties to an action involving child custody or visitation to educate and sensitize the parties to the needs of any child.

Justice Bills Passed

HF 2539, the appropriation for the Attorney General's Office, included \$600,000 for legal services for persons in poverty grants. While not the \$950,000 amount for which the ICSW advocated, it was raised from the FY98 amount of \$500,000.

SF 2410 provided \$50,000 that the Department of Human Services and the Attorney General's Office shall utilize in a cooperative continuation of the child support public awareness campaign to emphasize, through a variety of media activities, the importance of maximum involvement of both parents in the lives of their children as well as the importance of child support obligations. ICSW supported.

SF 2410 allocated \$5.99 million and 136.04 FTEs to the Iowa Juvenile Home (female juvenile delinquent institution) at Toledo.

HF2539 appropriated \$7.712 million and 151.25 FTEs for operational costs along with \$600,000 for matching funds to construct a 200-bed facility and \$100,000 for renovation of the power plant and improvements to the water system at the Iowa Correctional Institution for Women at Mitchellville.

Violence Against Women Bills Passed

HF 2539 designated \$1.759 million to provide grants through the Attorney General's Office to care providers providing services to crime victims of domestic abuse or to crime victims of

Section 2

rape and sexual assault. ICSW supported.

SF 2280 continued funding at the same level of \$42,570 for training on issues of violence against women through ICSW. ICSW supported.

SF 2385 amended Section 708.2A to specify that a person is to be sentenced to an indeterminate term of up to five years upon conviction for felony domestic abuse assault, but may not be released on parole or work release unless a minimum of one year of the sentence has been served. The convicted person also may not receive a deferred judgment or deferred sentence. ICSW supported.

Of the three bills introduced to establish a domestic abuse death review team, **SF 266** and **HF 435** died in their originating chamber's Human Resources Committees. **SF 459** was passed in the Senate on 3/24/97 with a 47/0 vote before getting bogged down in the House Human Resources Committee. **SF 2224** was amended on 3/23/98 (8583) to include establishing the death review team, but actual passage was achieved with an amendment (5311) added to **SF 2280** and adopted 3/25/98. The domestic abuse death review team will be under the Department of Public Health, who will submit prefiled legislation in advance of the convening of the 1999 Legislative Session for codifying the Domestic Abuse Review Team provisions. ICSW supported.

SF 2373 permitted the issuance of no-contact orders against persons arrested for crimes of harassment or stalking, provides for the collection and dissemination of information on the offense of stalking, and provides for the application of enhanced stalking penalties for persons who are the subject of certain restraining or protective orders. Effective 7/1/98.

SF 2329 expanded compensation available from the crime-victim compensation program to victims of crime and their families.

HF 2527 created Chapter 915 in the *Code of Iowa* reordering several sections of the *Code of Iowa* into one, to make it easier to research and find the rights of victims including: medical testing for convicted sexual assault assailants, victim registration and notification, victim compensation; as well as *Code* sections pertaining to HIV testing of an offender convicted of sexual assault, the right to refuse a polygraph that is offered as a prerequisite to an investigation of sexual abuse, and a list of rights for domestic abuse victims. Effective 1/1/99.

SF 2335 specifically prohibited sex acts between juveniles and employees and agents at juvenile placement facilities and between prisoners incarcerated in county jails with employees/agents of the county.

HF 2369 provided for testing an alleged offender who is charged with sexual assault for HIV via a search warrant and establishes the crime of criminal transmission of HIV.

HF 2402 amended the crime of burglary in the first degree to include commission of sexual abuse as a possible element of the offense.

SF 2292 amended the sex offender registry chapter by making changes in definitions, providing lifetime registration for repeat offenders, and making changes in the notification and offender reporting.

SF 2398 provided for the imposition of a life sentence for persons who commit repeat acts of sexual abuse against children; provides for the use of hormonal intervention therapy for serious sex offenses; and requests a legislative interim study on sex offender treatment.

Section 2

Welfare Reform Bills Passed

Approximately \$116 million in combined federal block grant (Temporary Assistance for Needy Families or TANF) and general fund revenues were appropriated in SF 2410 to the Family Investment Program (FIP). ICSW supported.

Department of Human Services increased funding for the mentoring component for FIP through contract with the Iowa Workforce Development to \$400,000 allowing for six sites with full-time consultants. ICSW supported.

The maximum time period allowed for postsecondary education for FIP participants is limited to a total of 24 months in a 36-month period. ICSW supported the increased time allowed.

SF 2296 appropriated \$1.3 million for technical assistance to communities and local financial institutions to help meet local housing needs, and \$400,000 for the purposes of shelter assistance funding. ICSW supported.

SF 2410 maintained the previous level of funding for the Emergency Assistance Program through a combination of general fund and TANF moneys; ICSW requested an increase. A maximum grant level of \$500 per family in any 12-month period is allowed along with continuation of \$10,000 to the Community Voice Mail Program.

SF 2410 provided the increased funds requested by ICSW to expand the Family Development and Self-Sufficiency (FaDSS) program statewide during FY99 to almost \$5.2 million. FaDSS provides special assistance to FIP families deemed at-risk of long-term dependence upon FIP. Additional funds targeted various initiatives to divert families from enrolling in the FIP and to assist current

participants in overcoming barriers to obtaining employment.

Implementation of the domestic violence option for the Family Investment Program was amended into SF2410 and included \$25,000 for awareness training. ICSW supported. The Department of Human Services shall develop and use a screening tool for determining the likely presence of family and domestic violence affecting an applicant and participant families. Participation in a safety plan may include a temporary waiver period from required participation in the JOBS program or other employment-related activities. This will be field tested in fiscal year 1999 with statewide application beginning July 1, 1999 (fiscal year 2000).

Resolutions Passed

HR 102 recognized the accomplishments of the Cedar Rapids Junior League related to the Madge Phillips Community Center, a 24-hour comprehensive shelter for homeless women and children.

SR 101 confirmed gubernatorial appointments requiring Senate confirmation: Commission on the Status of Women with four commencing 5/1/98 and ending 4/30/2002: Vicki Brown, Kathryn Burt, Lisa Green, and Matt Wissing.

SR 108 honored Senator Mary Neuhauser, who is retiring from legislative office after one term in the Senate and four terms in the House of Representatives, for her years of legislative services.

SR 119, HR 106 congratulated Ruth Ann Gaines for being named the Iowa Teacher of the Year for 1998.

SCR 106, HCR 111 designated March as Women's History Month. ICSW supported.

SCR 111 honored Barbara Grohe who was named 1998 National Superintendent of the Year.

HR105, SCR116, HCR120 congratulated Dr. Joan Roberts for being named 1997 Iowa Secondary Principal of the Year.

SCR118 requested Legislative Council to establish an interim study committee to review the issue of the deregulation and restructuring of the electric utility industry.

Government Bills that Died

ICSW supported drafting legislation in a follow-up of the 50 States Project. In reply to the pre-filed bill request, the Legislative Service Bureau drafted two bills: **HF 2493**, dealing with nonsubstantive gender-related provisions in the *Code of Iowa*, passed the House 97/0 on 3/5/98 and died in the Senate State Government Committee; and **SSB 2172**, which never got beyond study bill status, dealt with equitable treatment to historical monuments, jailers, peace officer and city or county assessor job requirements, parents of a child born out of wedlock, and the classification of estate debts and charges to prioritize unpaid child support.

Supported by the ICSW, gender balance for appointive committees on political subdivisions of the state bills were introduced in 3/97 by Mary Neuhauser in the Senate (**SF 322**) and by Minnette Doderer and Pam Jochum in the House (**HF 487**). Both were referred to State Government Committees where the bills died.

Insurance Bills that Died

Requiring allocation of pregnancy-related health expenses equally among female and male policyholders, subscribers, or enrollees of individual third-party payout medical expenses contracts, supported by the ICSW, died in committees under **SF125** and **HF187**.

Justice Bills that Died

ICSW opposed establishing English as the common language of Iowa in **SF 58** and **HF 224**. **HF 224** died in the House State Government Committee on 2/13/97; while **SF 58** was passed 36/12 in the Senate on 3/3/97 and then died in 4/98 in the House after an onslaught of amendments.

Seizure of firearms, supported by the **ICSW**, was introduced into two Senate bills. **SF2382** was seizure in a home with domestic violence and **SF2211** was as part of a protective order against domestic violence. Both died in the Senate Judiciary Committee.

Consideration by the court of a pattern of domestic abuse and of the identity of the primary physical aggressor in determination of domestic abuse pertaining to awarding child custody was supported by the **ICSW**. **SF 172** and **HF 412** on that issue, died in Judiciary Committees. **SF 435** passed the Senate 46/0 on 3/25/97, but died in the House Judiciary Committee.

In the **ICSW** meeting of 3/13/97, the decision was made to **support** the rights of victims in the *Code of Iowa*, rather than in any constitutional amendment such as **SJR 12** that passed in the Senate 50/0 on 3/18/97 but died in the House Judiciary Committee or **HJR2** that died in the State Government Committee. Thus, **ICSW** supported **SF 78** and **SF 421** that were just changes in the *Code of Iowa* relating to the right of crime victims to be present at all public proceedings where the accused or convicted persons have the right to be present and providing a notification procedure. Both bills died in the Judiciary Committee.

SF 286, HF 351, and HF 465 would have prohibited officials from requesting polygraph tests from sexual abuse victims before

Section 2

investigating such a charge; all died in Judiciary Committees.

Establishing sexual harassment as an unfair employment practice was stalled in the Senate Human Resources Committee in three different bills - SF 387, SF 525, and SF 2181.

The concept of an individual state income tax deduction for long-term nursing home care insurance, as introduced in SF 2047 and HF 2113, did not get past either the House or the Senate Ways and Means Committees.

SF 2210 would have required a peace officer to accompany a victim of domestic violence into the residence in order to secure clothing, medical supplies, and other personal articles. It passed the Senate on 3/10/98 at a 46/0 vote, but did not get out of the House Judiciary Committee.

Although the House put SF 2224 on their calendar under unfinished business after the Senate passed the bill 48/0 on 3/11/98, they never voted on SF 2224 requiring the court to order a person convicted of domestic abuse assault to complete a batterer's treatment program and to hold such person in contempt for failure to report for or complete treatment.

1999 PROPOSALS TO GOVERNOR, GENERAL ASSEMBLY

At a public hearing each fall, the ICSW listens to organizations, agencies, and individuals express their legislative concerns regarding women. From that hearing, the ICSW Legislative Committee and staff meet to develop a slate of proposals used as the foundation for the next year's advocacy efforts. After the full Commission approves the proposals, copies are sent to the Governor, General Assembly, and interested

organizations and individuals. The ICSW endorses, in no particular order, the following 1999 Proposals to the Governor and the 78th General Assembly. They are coded for legislative action (L), administrative action (A), and/or study (S); priorities are identified.

1998 Public Hearing Testimony

Jodi Tomlonovic, Family Planning Council of Iowa; Gloria Vermie and Jerry Cook, Iowa Department of Public Health; Judy Rutledge, Planned Parenthood of Greater Iowa; Arla Mae Steggen-Schmidt; Jackie Davis, Iowa New Choices; Brenda Kroeger, Wittenmeyer Youth Center; Cathy Bullock; Carla Paris; Karen Thelin, Iowa Child Care Coalition; Virginia Peterson, Polk County Community and Family Resources; LaVon Cooper, Iowa Friends of Legal Services; Judy Losh; Ruth Anne Petrak, Friends of Prisoners at Mitchellville; Zeljka Kravica and Wayne Johnson, Bureau of Refugee Services; Nancy Robertson, Iowa Coalition Against Domestic Violence; Beth Barnhill, Iowa Coalition Against Sexual Assault; Marilyn Cohen, Emma Goldman Clinic; Jonathan Narcisse; Jeanette Bucklew, Iowa Department of Corrections; Carol Mitchell, Southern Iowa Family Planning Clinic, Inc.

Caregiving

In 1990, Iowa ranked #1 in the percentage of population over 85 years of age, #2 in the percentage of population over 75 years of age, and #3 in the percentage of population over 65 years of age. As the baby boom generation gets older, the need for both paid and unpaid caregivers will be at an increasing demand. In 1995, the average hourly wage for paid caregivers, 89.8 percent of whom are women in positions of nursing aide/orderly, was just \$6.77 with few benefits and high turnover. A typical caregiver for dependent adults is a 57-year-old woman who has been forced to terminate her employment and benefits to assume the role of family caregiver. Caregivers often do not

Section 2

recognize this label for themselves. They gain training only on the job. To address the needs of paid and unpaid caregivers for dependent adults, the ICSW supports:

(L) 1. Increased funding for elderly service, including support programs for caregivers, such as respite and adult day care, especially relative to care of disabled or elderly persons in their own homes for as long as possible. **ICSW priority.**

(L) 2. Maintaining the increased funding for statewide implementation by the Department of Elder Affairs of integrated case management programs for the frail elderly.

(L) 3. Increased funding for statewide expansion to all counties of the Medicaid Home and Community-based waiver for the elderly to make services available for in-home care including provision of meals and nutrition consultation by a registered dietitian, adult day care, emergency response system, respite care, hospice, etc. (in any integrated case management program).

(L) 4. Legislative action that increases pay for caregivers who serve as nurse aides.

(L) 5. Legislation to assure protection of vulnerable persons who are being abused but who do not fit within Iowa's current criteria.

(L) 6. Amendment of state tax policy in the *Code of Iowa* Chapter 422.9(2)(e) regarding tax deduction to include spouse, brother, and sister for whom in-home care is given.

Economics

In 1993, the median income for females in Iowa was 68 cents to every \$1 earned by males.

While 75 percent of females earned less than \$24,000, 40 percent of males earned less than \$24,000 a year. Of all adults living in poverty in 1990, 61.9 percent were women. The situation for female-headed households was even more tenuous with 45.1 percent of those with children under the age of 18 living in poverty. To address the economic needs of Iowa women, the ICSW supports:

(L) 1. Increased funding for displaced homemaker/Iowans in Transition program grants through the ICSW to serve more individuals and to keep up with the rising costs of services. **ICSW priority.**

(L) 2. Development of a plan to achieve pay equity for employees in private industry thereby eliminating wage discrimination on the basis of gender. **ICSW priority.**

(L) 3. Legislative action on child care in Iowa with a focus on employment-related child care issues, including: **ICSW priority.**

- a. Measures designed to guarantee affordable, quality child care, in particular for women seeking training and/or employment;
- b. Adjusting upward the income guidelines to qualify for child care reimbursement to 185 percent of poverty level;

Section 2

- c. Adequate compensation, including benefits, for child care workers;
- d. Need-based child care centers of adequate size at state educational institutions;
- e. Increased funding for child care subsidy programs for low-income Iowans;
- f. Local Child Care Resource and Referral services for parents, providers, and employers and expanding core services by including a Single Point of Access service for parents needing child care assistance;

(A) 6. Continued efforts in training and placement of women in nontraditional, higher-paying jobs through employment and training programs operated in the state.

(S) 7. Study of the impact on women of contingency jobs, such as temporary, part-time, and contractual work, usually with few or no benefits and no job security.

(S) 8. Study by the Consumer Protection Division of the Attorney General's Office of check-cashing centers and currency exchanges, payday loans, rent-to-own operations, pawn shops, and warranties for used cars to ascertain extent of victimization of the working poor.

Education

Females are still clustered into secondary and post-secondary courses that reflect the traditional occupational specializations of women and are characterized by low pay, low benefits, and low mobility. A lack of female administrators and teacher role models in traditionally male-dominated fields, sexual harassment (affecting 83 percent of Iowa high school females in 1994), and gender role stereotypes, all impact the educational experience of females. In support of excellence and equity in education, the ICSW recommends:

(L) 1. State funding to provide staff and support for the provision of technical assistance on educational equity for school districts and to monitor implementation of Iowa's multicultural, nonsexist curriculum requirement as well as Title IX. ICSW priority.

(A) 2. Continuation of affirmative strategies to promote opportunities for women and minority persons in educational administration, which in turn results in role mentors for students and a vehicle for change in the educational environment.

(A) 3. Increased educational support for programs that encourage females and minority students to study mathematics, science, and

technology at all levels as well as to pursue careers related to mathematics, science, and computer technology.

(A) 4. Support for the training and retraining of educators, students and board members on issues related to the prevention of sexual harassment, racism, and xenophobia, and to the promotion of character education, citizenship education, and respect for diversity.

(A) 5. Support for the infusion of equity training and strategies for effectively working with diverse learners into the college level preparation programs for school administrators, teachers, counselors, and coaches. (To supplement, not replace the current human relations courses.)

(A) 6. Support and incentives for males and minorities to enroll in programs for training elementary education teachers and secondary family and consumer science teachers, and for females and minorities to enroll in programs of training for secondary industrial technology, mathematics, and science teachers.

(A) 7. Promotion of female participation in educational programs leading to nontraditional, higher-paying jobs.

(A) 8. Encouragement for school districts to use methods and resources already at their disposal to gain equitable treatment for young women and men and to insure quality educational environments that insure that all students achieve to their maximum potential.

(A) 9. Encourage Board of Education to include in their State Plan funding for the sex equity coordinator in vocational education and sex equity and single parent/displaced homemaker programs.

Government

The *1998 Status of Iowa Women Report* documents the need for continuing to improve the quality of life for women in this state. In support of the role of government in improving the status of women, the ICSW recommends:

(L) 1. Naming the Old Historical Building in the Capitol Complex after Ola Babcock Miller, the first female in Iowa to be Secretary of State and the founder of the Iowa State Patrol. **ICSW priority.**

(L) 2. Elimination of gender discrimination in the *Code of Iowa* as a follow-up to recommendations in the *50 States Report* and legislative changes in the 1980s. **ICSW priority.**

(L) 3. Gender balance on boards and commissions of political subdivisions of the state.

(L) 4. Development of a plan for extending a comparable worth policy to all public employees in Iowa, with state assistance to local government entities in conducting comparable worth studies and a plan for making state revenue-sharing monies at future dates contingent upon adopting comparable worth pay schedules for local government employees.

(L) 5. A requirement that credit be given for skills developed through volunteer and homemaker work experience for purposes of qualifying for hiring and promotion in all personnel selection systems in Iowa state government, its political subdivisions, and all businesses/parties that contract with the state government.

(L) 6. Continued enforcement of existing affirmative action plans and careful monitoring of promotions made within the upper pay

Section 2

classifications. The state needs to develop, implement, and expand career ladders where there are concentrations of women and offer career counseling and training programs for women who desire to seek nontraditional jobs or to move up the ladder.

(A) 7. Policies that promote job sharing and flex-time in state employment.

Health

A 1996 study shows that 9.1 percent of Iowa women did not have a health care plan. A higher percentage of women than men, in all age groups were unable to see a doctor due to cost. In 1996, women between the ages of 25 to 34 were particularly affected with 13.6 percent of those unable to see a doctor for financial reasons. The ICSW supports:

(L) 1. Focusing on health care reform until health care coverage is accessible to all Iowans.

(L) 2. Full funding and implementation of the State's Children's Health Care Initiative (HAWK-I), with consideration of available options.

(L) 3. Sustained funding for Primary Care Recruitment and Retention Endeavor (PRIMCARRE) with a two-year service requirement.

(A) 14. Insuring the continuance of cost-based Medicare and Medicaid reimbursement rates to rural health clinics and to community health centers to encourage the continuance and expansion of access to primary care services in underserved areas.

(A) 15. Providing information that clearly

Section 2

outlines a mother's legal rights and options before completion of a birth certificate or an affidavit of paternity.

(A) 16. Encouraging workplace accommodation and support for breast-feeding mothers.

(A) 17. Monitoring the impact of welfare reform on health of families by assessing the quality and availability of well-being visits.

Insurance

In recognition of the needs of all persons to insure against the risks related to disability, retirement and death, and in particular noting the needs of persons following divorce or disability or death of a spouse, the ICSW supports:

(L) 1. (A/S) 5. Monitoring impact of managed care health plans on women and children.

Justice

Women in Iowa have unique needs relative to the administration of justice in all areas, including legal assistance. The female prison population in Iowa is on the rise, climbing from fewer than 100 in 1985 to 521 in 1997. Women of color are disproportionately represented in Iowa's prisons. In January 1998, for example, African-American women represented 24.7 percent of the state's female prison population while only 1.7 percent of all females in the state. The ICSW supports:

(L) 1. Funding for a full-time position to coordinate, develop, and manage legal assistance to meet the needs of low-income women.

(L) 2. Funding and support for improved educational and vocational training for women throughout Iowa's correctional system. Training for women and men should include parenting education and building family strengths, with follow-up after release by community correctional programming and referral/support agencies.

Violence Against Women

Between January, 1990 and September 1998, 76 women have been murdered in Iowa due to domestic violence. In fiscal year 1997, 16,484 victims of domestic violence were served by programs receiving state dollars. That same year, 3,081 adult, teenage, and child survivors of sexual assault sought services from Iowa's sexual assault crisis centers. Approximately three women seek assistance from domestic abuse programs every hour, and every two and a half hours, a woman and her children seek safe shelter. In light of the number and degree of violent incidents committed against women, the ICSW supports:

(L) 1. Training for mediators in court proceedings to screen out cases in which domestic violence is a factor.

(L) 2. Increased funding for services to victims of sexual assault and domestic violence.

(L) 3. Increased funding for training of criminal justice personnel, community professionals, service providers, and the general public on issues of domestic violence and sexual

Section 2

assault through the Iowa Commission on the Status of Women (contracting with the Iowa Coalition Against Domestic Violence and the Iowa Coalition Against Sexual Assault).

assault. **ICSW priority.**

(S) 27. Reviewing the statute of limitations in prosecution for child sexual abuse.

Welfare Reform

In 1998 Iowa will continue its critical work relative to the welfare reforms at the federal level, including the Temporary Assistance to Needy Families (TANF). To endorse Iowa's efforts to reform the welfare system, particularly to make services available that promote economic self-sufficiency, the ICSW supports:

(L) 1. Full funding for child care, education, and training for Family Investment Program (FIP) participants.

(L) 2. Continued state funding for the mentoring component for FIP participants administered by the Department of Human Services through contract with Iowa Workforce Development.

(A) 12. Continuing redesign of the delivery system for financial assistance services so that families are served more quickly and effectively.

SECTION 3: Programs and Projects

The Iowa Commission on the Status of Women (ICSW) works on numerable projects and programs in seeking to advance the status of women. It collects employment related information, including job listings, and works toward pay equity; strives to equalize women's participation in policy-making positions in the government and private sectors; recognizes Iowa leaders through the Iowa Women's Hall of Fame, the Write Women Back Into History Essay Contest, and the Cristine Wilson Medal for Equality and Justice; and addresses issues relating to female adolescents.

EMPLOYMENT PROJECT

The Employment Project of the ICSW is funded by state appropriation and by occasional grants to conduct various employment-related programs to assist women statewide.

Employment Opportunities

Jobs Clearinghouse Project: The Clearinghouse Project began operations at the ICSW office on January 2, 1990, as an identification and listings resource for employment opportunities for women. It also acts as a recruitment resource for private sector businesses and public agencies.

Women's Transportation Pipeline Project: The ICSW served on the State Leadership Committee on Nontraditional Occupations and Equity that submitted a proposal for this project to the Iowa Department of Transportation. The accepted proposal allowed the ICSW to assist in interviewing applicants to administer the project, which is designed to increase the representation of women and minorities in highway construction. It also advertised the project in the *IoWoman*, the Friends of the Iowa Commission on the Status of Women newsletter, which is edited by the ICSW.

Publications

How to Get a Job - How to Get Your

Bearings: With funding from Iowa Workforce Development and the Carl D. Perkins Applied Technology and Vocational Education Act, the ICSW revised and will be printing 8,000 copies of this guide for Iowa women who are looking for a job or who are seeking a better job.

Included in the guide is information on how write a resume, conduct an interview, obtain personal counseling if needed, fix a car, find housing, etc. Dr. Judith Anne Conlin, original author of the publication, rewrote the guide with the assistance of the ICSW. Dr. Conlin was honored for her work on behalf of a state agency at a Governor's Volunteer Award Ceremony. Jean Berry, Iowa artist and original illustrator for the publication, redrew the illustrations that accompanied the resource information. The rewritten guide contains one-third more information than previous editions and will be distributed primarily through the displaced homemaker programs across the state.

Why Not Women?: The ICSW worked with Boddy Media Group in rewriting and redesigning this brochure on nontraditional employment for women. The publication highlights reasons for considering nontraditional employment, research that shows higher wages and benefits in those jobs, success stories, job

Section 3

ideas, and places to begin looking. Funding for the project came from Nontraditional Employment for Women, Iowa Workforce Development. Distribution was accomplished through various means, including the displaced homemaker programs statewide. The theme, *Why Not Women?*, was developed and used by Boddy Media in a statewide marketing campaign for Nontraditional Employment for Women.

Wage/Benefits Studies

1998 follow-up to *Employees' Wages and Benefits: Domestic Violence and Sexual Assault Projects 1997 Report and Recommendations*: In 1997, the ICSW conducted a study of the wages and benefits of employees in domestic violence/sexual assault projects (dv/sa) across the state. The study revealed significantly low wages across the board, with many employees living at, below, or barely over the poverty line. Because of the increase over the past several years in federal and state monies available to dv/sa projects, the ICSW made, in its report of the study, wage recommendations for specific job descriptions, using comparable jobs in state government as a comparison. The response was overwhelming. In a 1998 ICSW follow-up to the study, the Commission's study was credited for approximately \$112,000 in pay increases in dv/sa jobs statewide. While the results were positive, the ICSW encouraged dv/sa projects to continue the work, in a follow-up memo to dv/sa projects statewide. Many employees' full-time wages are still below the poverty line and a majority of those are barely over it. Few benefits have been added, and those that do exist are still far below the state employee benefit package. Results of the study and the follow-up survey were highlighted in the National Committee on Pay Equity's newsletter, *Newsnotes*. Support from members of the Iowa Coalition Against Sexual Assault,

the Iowa Coalition Against Domestic Violence, the Crime Victim Assistance Division of the Attorney General's Office, and the STOP Violence Against Women Coordinating Council made this project possible.

Wage Survey: In 1993, the ICSW initiated a Department of Employment Services study on gender-wage disparity in Iowa. That report revealed, among other things, that Iowa women, on average, made 68 cents per dollar that Iowa men made. A recent national study shows that U.S. women's wages relative to men are on the rise. That, coupled with low unemployment in Iowa, propelled the ICSW to ask Iowa Workforce Development to repeat the study, which they agreed to do. The ICSW is seeking an additional annual appropriation for the ongoing study of women's and men's wages statewide so the most up-to-date information is available for state agencies, policy makers, employers, and the public at-large.

GIRLS

The ICSW has two initiatives specifically aimed toward Iowa's girls: the Challenge Grant Project, addressing the needs of adolescent females involved with or at risk for involvement in the juvenile justice system, and Take Our Daughters to Work Day.

Challenge Grant

Iowa Gender-Specific Services Task Force: This year, the Division of Criminal and Juvenile Justice Planning (CJJP) entered into an agreement with the ICSW to provide staff support to the Iowa Gender-Specific Services Task Force funded through a Department of Justice Challenge Grant. A program planner for the Commission was subsequently hired to fulfill the agreement terms. The ICSW program planner convenes the monthly Task Force meetings, through which members seek to

assure that adolescent females in the juvenile justice system receive equitable services. The Iowa Juvenile Justice Advisory Council along with CJJP formed the Task Force in 1996 to look at gender issues in the development and provision of services by Iowa's juvenile justice system. The Task Force comprises a multi-disciplinary group representing key players in the juvenile justice system, including judges, juvenile court officers, Iowa Department of Human Service officials, service providers, educators, and researchers. The ICSW made periodical presentations to the Iowa Juvenile Justice Advisory Council on the progress of the Challenge Grant Project.

Whispers and Screams: Sponsored by the Task Force, the ICSW coordinated the April, 1998 *Whispers and Screams are Hard to Hear, Creating an Audience for Girls' Voices Chapter II: Exploration* conference, held in Iowa City. The conference, whose audience includes people who work with girls involved with or at-risk for involvement with the juvenile justice system and the girls themselves, addresses many facets of adolescent girls in the juvenile justice system and ways to assist those who are at-risk. The ICSW also began coordination for the third annual conference--March of 1999--*Whispers and Screams are Hard to Hear, Creating an Audience for Girls' Voices, Chapter III: Exchange*.

Desk Protocol: The ICSW developed a desk protocol, *Providing Gender-Specific Services for Adolescent Female Offenders: Guidelines & Resources*. The protocol provides a thorough description of a gender-specific programmatic framework for creating quality gender-specific services and programs for adolescent female offenders and girls at-risk. The goal: to create systematic change in the way services are provided to adolescent female offenders and

girls at-risk. The intended audience for the protocol includes Department of Human Services personnel, juvenile court officers, educators, administrators, and service providers in girl-serving programs. It includes reproducible lists of supportive actions to be taken by adults who serve in varied roles in girls' lives as well as comprehensive lists of resources, including organizations that focus on girls and gender-specific curricula for girl-serving programs. The desk protocol will be disseminated in 1999.

Training on Gender-Specific Programming and Services: As part of the Challenge Grant efforts, two conference workshops and one staff training were presented on adolescent female development and gender-specific programming. The research-based presentations examined the developmental experiences of adolescent females, particularly the experiences common to those at risk for involvement with the juvenile justice system. They also addressed gender-specific program strategies to improve outcomes for adolescent girls and the greater community. Through poetry and 'zines written by Iowa teen girls, participants were able to see research findings reflected in the lives of Iowa's adolescents. Participants left with usable information, including a description of gender-specific programs and services, recommendations for further reading, a list of local and national resource organizations, and suggestions for supporting adolescent girls in one's community. Presentations were given at the Lt. Governor's Conference on Diversity and at the annual conference of the National Association of State Coordinators for the Education of Homeless Children and Youth (NASCEHCY). The staff training was presented for Life Options, a comprehensive after-school adolescent pregnancy prevention program at Casady Alternative School, Des Moines. A *Lunch & Learn* workshop on

Section 3

understanding adolescent development was also presented for Des Moines General Hospital staff.

Other: The ICSW attended a lecture/workshop with Dr. Mary Pipher, author of the groundbreaking book on females in the United States *Reviving Ophelia*; reviewed formula grant proposals for CJJP; was interviewed by KJYY radio about the Challenge Grant and gender-specific programming and services; and wrote two editions of *The Girl Connection* for publication in the Friends of ICSW newsletter, *IoWoman*, sent to 8,400 statewide.

Take Our Daughters to Work Day

The Ms. Foundation for Women is the national sponsor of the annual Take Our Daughters to Work Day, held the fourth Thursday of April each year. Millions of girls, ages nine to 15, parents, guardians, and teachers participate in the event, focussed on girls' ideas, needs and dreams--to help ensure that girls remain confident, strong, and in school throughout their teen years. The ICSW coordinated activities for employees at the Capitol Complex in Des Moines. Scheduled events included a welcome by Lt. Governor Joy Corning in the Governor's Office, State Capitol; a tour of the Capitol; and a presentation by Almo Hawkins, then Director of the Department of Human rights--*How to Get Where You Want to Go*. Over one hundred girls and boys participated in the organized events.

RECOGNIZING IOWA LEADERS

The ICSW believes that in order to advocate for the full participation by women in the political, economic, and social life of the state, leaders in those areas need to be identified, recognized, and promoted as role models.

Cristine Wilson Medal for Equality and Justice

This award was established in 1982 and honors the woman who served on the Governor's Commission on the Status of Women and who first chaired the statutory Commission. From 1972 to 1976, Cristine Wilson led the Commission in combatting sex discrimination and in promoting equal opportunity. The medal is given to individuals--male or female--who have exhibited outstanding dedication and service on behalf of the ideals of equality and justice. In 1998, the ICSW developed a small publication that features all Cristine Wilson Medal recipients, which will be printed in 1999. Those recipients are Charles H. Bruner, Naomi Christensen, Minnette Doderer, Sue Follon, Patricia Gadelmann, Louise Rosenfield Noun, Governor Robert Ray, Mary Louise Smith, Lonabelle Kaplan "Kappie" Spencer, Betty Talkington, Maude Esther White, and Mary Molen Wiberg.

Edna M. Griffin received the medal at the 1998 Iowa Women's Hall of Fame Ceremony, Des Moines. Griffin has been the Rosa Parks of Des Moines for decades; however, her request for service in 1948 at the Katz Drug Store lunch counter that did not serve African-Americans came seven years before Parks' celebrated refusal to move to the back of a southern bus. The Fisk University graduate has devoted her life to the civil rights movement. In 1963, she organized Iowans to join Martin Luther King's famous march on Washington, D.C. She also began a Des Moines chapter of the Congress of Racial Equality (CORE), which supported the voter registration drive in the South. She was active in peace and other human rights efforts. In 1985, she received the Community Service Award from Blacks in Government. Born in Kentucky in 1909, she grew up on a New Hampshire farm and moved to Des Moines in 1947. This year, on the 50th anniversary,

Section 3

Griffin was honored by Urban Dreams for her leadership and bravery. A dedication of a commemorative plaque was also held at the site, the Flynn Building, that once housed Katz, followed by an evening reception/reunion/reenactment at the State Historical Building. Roxanne Conlin also announced that the Flynn Building, owned by her and her husband, would be renamed after Griffin, a member of the Iowa Women's Hall of Fame.

Friends of ICSW Banquet

The ICSW provided staff support for the Friends of ICSW luncheon and program that followed the Iowa Women's Hall of Fame Ceremony and reception on August 22, 1998. Held at Younkers Tea Room in Des Moines, Hall of Fame Member Evelyne Villines, was the featured speaker at the event. State officials, Hall of Fame members, and Commissioners were specially recognized at the event, and the Friends of ICSW endowment fund winners were

announced.

Iowa Women's Hall of Fame

The Iowa Women's Hall of Fame was established by the ICSW in 1975 to honor outstanding Iowa women. Each year four women, living or deceased, are recognized for their significant contributions to our society. The Twenty-fourth Annual Iowa Women's Hall of Fame Ceremony was held in Des Moines on Saturday, August 22, 1998 at the State Historical Building of Iowa, Des Moines. The punch and cookie reception held in the atrium following the ceremony was funded by the Friends of the ICSW. As usual, the ceremony was held close to Women's Equality Day, August 26, which commemorates the day in 1920 when American women first received the vote. At the ceremony, the Governor read a Women's Equality Day Proclamation. Awards were presented to the recipients by Governor Terry E. Branstad, Lt. Governor Joy Corning,

Commission Chairperson Kathryn Burt, and Chairperson of the Hall of Fame Nominating Committee, Lisa Green. The 1998 Hall of Fame Nominating Committee was composed of Judge Brown, commissioner; Shawn Mullen, commissioner; Kathryn Burt, commission chairperson; Tom Morain, division administrator for the State Historical Society of Iowa; and Suzanne O'Dea Schenken, Des Moines author. The honorees represented a wide range of interests and accomplishments and have made extraordinary contributions in their various fields. The following are biographies of the 1998 inductees.

Bess Streeter Aldrich

Born in Cedar Falls in 1881, Bess Streeter Aldrich gained national and international fame as an author of the Midwest experience, including strong female characters.

After receiving her degree

from Iowa State Normal School (now University of Northern Iowa), she taught school for five years in various Iowa communities before moving to Elmwood, Nebraska, where she spent the rest of her professional career. Her short stories appeared in many popular magazines, including *Ladies Home Journal*, *American Magazine*, *Good Housekeeping*, *McCall's*, and *Cosmopolitan*. Between 1924-42, she wrote nine novels including *A Lantern in Her Hand* and *Miss Bishop*, on which the movie *Cheers for Miss Bishop* was based. Aldrich draws upon her Iowa roots in *Song of Years*--the story of the founding of her home town, Cedar Falls. In 1949 the Iowa Library Association presented her with the Johnson Brigham Award that read, "To the Iowa author for the most outstanding contribution to literature." She died in 1954.

Janice Ann Beran

Emerita professor of health and human performance, Janice Ann Beran of Ames is a leading educator who advocates for international understanding and equal opportunities for all. During the 18 years she served on

the Iowa State University faculty, Beran was a master teacher who brought topics to life through dramatizations, reenactment of historical events, and classroom conference calls with leaders in the field. Beran is widely recognized for her work in women's sports and physical education and has written a book on the history of Iowa girls' basketball. Her extensive cross-cultural interests led to international teaching as a missionary educator in the Philippines for 13 years and as a visiting professor/lecturer in Japan, China, Taiwan, and Nigeria. In 1984, she served as the United States delegate to the Olympic Academy in Greece. Beran is also a community and church leader, having served as president of the League of Women Voters of Ames; the League of Women Voters of Iowa; Iowa-Yucatan Partners of the Americans; and the Iowa Association for Physical Education, Health, Recreation and Dance; and as Synod Moderator in the Presbyterian Church. Beran and her husband have three adult children and five grandchildren, and have served as foster parents to 42 troubled and disadvantaged teens.

Lynn Germain Cutler

A current resident of Washington, D.C. Lynn Germain Cutler is a nationwide leader in politics, promoting the causes of women and children as well as encouraging women to

become involved in politics. Born in 1938 in Illinois and longtime resident of Waterloo, Cutler got her start in advocating for those causes as a teacher in Cedar Falls. Soon thereafter, she became involved in Iowa politics by becoming the first woman to chair the Black Hawk County Board of Supervisors and, in 1980 and 1982, she ran as the Democratic nominee for the United States Congress from her district. She has held several political appointments, including 12 years as the vice chair of the National Democratic Party, vice chair of the U.S. Advisory Commission on Intergovernmental Relations, and U.S. delegate to the United Nations Fourth World Conference on Women. She is involved in the National Women's Political Caucus, EMILY's List, and the International Women's Forum. Cutler has also been active in the Jewish community. Currently she serves in the White House as deputy assistant to the President for Intergovernmental Affairs, where her duties are as White House liaison to counties, cities, tribal governments, and women-elected officials.

**Maude Esther White**

Born in 1913 as one of nine children to Reverend and Mrs. G.W. White of Perry, Iowa, Maude Esther White has devoted her life to assisting disadvantaged persons in education,

employment, housing, and business. She attended the University of California at Berkeley and holds B.A. and M.A. degrees from Drake University, and an honorary Doctor of Laws degree from Grand View College, which established the Maude Esther White Endowed Scholarship in 1995. After holding a number of teaching and government positions in California, she came to Iowa where she was the first affirmative action administrator for the State of Iowa. In 1980, she founded and

directed, until 1991, the Des Moines Tutoring Center, a nonprofit organization that strives to encourage young people to reach their potential through education. She has served on the Iowa Commission on the Status of African-Americans, and the boards of Good Samaritan Urban Ministries, San Francisco LINKS, YWCA, American Association of University Women, and Girl Scouts of America. She is past board member and president of the Des Moines Branch of the NAACP.

Write Women Back Into History
Statewide Essay Contest

The *Write Women Back Into History* Essay Contest, cosponsored by the ICSW, the Iowa Department of Education, and the State Historical Society of Iowa, is administered each year by the ICSW and open for the participation of students grades 6-9. Guidelines for the essay contest are mailed each November to every public and non-public middle school in the state, asking teachers to encourage their students to write an original essay about a woman who they believe should be written into history. The purpose of the contest is to celebrate Women's History Month--March--and to increase the awareness of contributions made by Iowa women. Prizes are awarded to the first three winners and their teachers in the two grade divisions 6-7th and 8-9th. Special awards are given to the best essay on a woman volunteer and the best essays on women in science and engineering. Prizes include Women's History Month books, posters, and other memorabilia. The first-place winners also receive cash prizes. This year a special monetary award, *Why Not Women?*, was given to the author of the best essay focusing on a woman in a nontraditional career. This \$50 award was a part of a yearlong statewide marketing campaign for Nontraditional Employment for Women, Iowa Workforce Development, through Boddy Media Group.

Section 3

Judges: Teachers are encouraged to sponsor the contest in their classroom. One finalist may then be submitted from each classroom to be judged by a committee made up of Iowa writers, historians, and representatives of the sponsoring agencies. The 1998 judges were Kim Cheeks, Iowa Commission of the Status of African Americans; Sheri Weathers, Iowa Department of Revenue and Finance; John Burnquist, Division on Community Action Agencies; Joan Moll, Iowa Department of Human Rights; Linda Weisel, State Historical Society of Iowa; Laura Allison, State Historical Society of Iowa; Crystal Bailey, State Historical Society of Iowa; Vicki Brown, Iowa New Choices; Juli Probasco-Sowers, *The Des Moines Register*; Mary Bingaman, Iowa Department of Education; Mary Beth Schroeder Fracek, Iowa Department of Education; Dave Kuker, Division of Criminal and Juvenile Justice Planning; Cathy Hamilton, Division of Community Action Agencies; and Janie Barnett, Iowa State University.

WOMEN IN

POLICY-MAKING POSITIONS

While the ICSW works hard at eliminating the "sticky floor"—women who are stuck in low-paying jobs with few benefits and opportunities for advancement—it also recognizes the need to break the "glass ceiling" in government and private sector policy-making positions. It has projects aimed at accomplishing both.

Roster of Qualified Women

In 1970, the Governor's Commission on the Status of Women assumed responsibility for developing a roster of Iowa women qualified for appointments to paid and volunteer positions on state boards and commissions. When the Commission was made statutory in 1972, it continued to develop the roster and to submit names for the Governor's consideration in making appointments. Appointment resume form are provided upon request; they include biographical information, educational background, work experience, organizations,

and information on the areas of interest. The Commission expanded the Roster by contacting organizations in specific geographic areas of the state where there were few Roster names. Each year it advertises the availability of appointment resumes in the *IoWoman*, the Friends of ICSW newsletter that is sent to 8,400 organizations and individuals statewide. The Roster of Qualified Women has contributed significantly to the expanding role of women in government. This project has provided the names of approximately 350 women. Since the need was perceived and the Roster was developed, the number of appointments of women has increased dramatically. Since 1987, gender balance on boards and commissions has been mandated, a legislative change for which the Commission advocated.

Women and Minorities on Corporate Boards of Directors Project

The idea for increasing the number of women and minorities who serve on corporate boards of directors evolved from a 1995 survey conducted by the ICSW and the Iowa Department of Economic Development. Results showed that less than 7 percent of board members in Iowa's 47 largest publicly-owned corporations were female; none were women of color. Similarly, only a handful of men of color were represented. As a result, the ICSW researched the possibility of establishing a database of women and minorities who want to serve on corporations.

Task Force/Steering Committee: Throughout 1997, the ICSW and representatives of Drake University's School of Business and Public Administration met several times to discuss the feasibility of such a database. In December of 1997, a task force was convened by the ICSW and Drake University in which business and community leaders agreed that the database

project was important and should be pursued. In 1998, the task force evolved into a steering committee that begin work toward the establishment of the database. The database would be designed in cooperation with Drake University to help break the "glass ceiling" by identifying Iowa women and minorities who wish to sit on corporate boards of directors and matching them with appropriate businesses, thereby increasing their representation on those boards. The committee mailed corporation CEOs a survey to ascertain their interest in increasing the number of females and minorities on their boards, and conducted follow-up meetings with them via the phone and in person.

White Paper: Written by the ICSW, the White Paper is serving as the project's initial organizing tool. The five-page document explains the concept for the database; creates a vision amenable to the development of partnerships among the business, government, and private sectors; serves as a preliminary planning document for budgeting and designing activities; and will be used to generate money to fund the project.

SECTION 4: Information/Participation

The Iowa Commission on the Status of Women (ICSW) office is a resource center for information on hundreds of topics relative to women and girls--publications, reference materials, and videotapes. And as mandated by the Code of Iowa, the ICSW provides assistance to organized efforts by communities, organizations, associations, government agencies, and other groups working toward the improvement of the status of women in Iowa.

INFORMATION

The ICSW provides information to the public and elected officials on many issues, including the status of Iowa women, nontraditional jobs, divorce, sexual harassment, nonsexist curriculum in education, and more.

Advocacy Directory

Originally undertaken jointly by the American Association of University Women, Iowa Division, and the ICSW with updating funded by the Family Community Leadership, the statewide advocacy directory was designed to provide a computerized accessible guide to networks on women's issues in Iowa. In 1998, the directory was continually expanded and updated; approximately 6,376 persons are in the database for one or more of the 65 categories of interest and/or experience. As an ongoing commission program, the directory will continue to expand its database and its usefulness throughout the state, and additional persons and organizations will be identified on a regular basis. Printouts of category lists are available for a minimal fee from the ICSW; the Iowa women's organizations listing is free.

Internship/Volunteer Opportunities

The ICSW met with a representative of Drake Law School, discussing Commission volunteer opportunities for its students. The ICSW also mailed announcements about available internships in its office to all two- and four-year

Technology/Web Site

The ICSW attended several strategic planning meetings for the Department of Human Rights (DHR) with Information Technology Services and with Iowa ACCESS. As a result of those meetings, the ICSW made its computers year 2000 compatible and submitted a flow chart for its web site to Iowa ACCESS, whose employees have begun designing the DHR homepage and agency sites. The ICSW also attended the Iowa ACCESS Open House at the State Historical Building in Des Moines.

Other

Provided information on the ICSW to the Governor's Office in Missouri as they reviewed the role of their women's council, and to the newly established Commission on the Status of Women in Arkansas. Also responded to calls year-round from individuals who sought help and/or information on issues related to women's rights. Contacts for the year totaled 3,663, 81 of which were unequal status discrimination calls and 116 that were from persons at-risk.

PARTICIPATION

As mandated by the Code of Iowa, the ICSW participates in many activities/events and serves on committees/task forces to represent the interests of Iowa women. The ICSW participated in the following during 1998:

Grant Reviews

The ICSW reviewed grant proposals for domestic violence and sexual assault projects, funding through Crime Victim Assistance Division of the Office of the Attorney General and for single parent and displaced homemakers, funding through the Department of Education. (See Challenge Grant on page 22 for additional grant review.)

Exhibits

In order to disseminate important information about women, the ICSW often exhibits at conferences and fairs. In 1998, the Commission exhibited at the Iowa Division American Association of University Women meeting, Des Moines; *Celebrating Women, Celebrating Life*

Conference, Des Moines; Collaboration for Self-Sufficiency Resource Fair, Des Moines; African-American Women's Conference, Davenport; and the Lt. Governor's Conference on Diversity, Des Moines.

Public-speaking Engagements

Throughout the year, the ICSW was asked by many organizations, schools, and other interested parties to speak on issues related to women in the state. In 1998, ICSW served as the keynote speaker for a Professional Women's Network luncheon, Cedar Rapids (topic: women on boards of directors); spoke to an Iowa State University class (topic: the status of Iowa women); East High School, Des Moines (topic: the ICSW); the Iowa Division American Association of University Women Annual Meeting, Des Moines (topic: collaboration among agencies and organizations); the Consortium Breakfast Club, Des Moines (topic: women who shaped Des Moines); *The Des Moines Register* Learning Center (topic: voting); and *Way Up XVI*, Ames (topic: collaboration among state agencies and the ICSW). (See Challenge Grant on page 21 for additional presentations.)

Sponsorships

The ICSW cosponsored, with the Department of Public Health, a presentation in Des Moines by Judith Reichman, M.D., on *What Does the Future Hold for Women? Women's Health in Next Millennium*. The Commission also served as a cosponsor for an October conference on domestic violence, administered by Mercy Hospital Medical Center.

Other

Friends of the Iowa Commission on the Status of Women Endowment Fund Grants: The ICSW processed applicants for these grants awarded to low-income women completing an

education or training program in the state of Iowa. This Friends of ICSW broad-based program is designed to serve low-income adult women seeking to improve job skills, update professional licensing, enroll in English as a Second Language class, attend occupational seminars leading to increased employment opportunities, or attend other educational programs that will improve employment opportunities. The 1998 grant recipients are Patricia Hagarty of Huxley and Cindy O'Donnell of Altoona, each receiving \$362. Hagarty was awarded the money to obtain a property and causality insurance license, which will enhance her position at work. O'Donnell's award was intended to enable her to participate in a one-year accounting and bookkeeping program.

Healthy Iowans 2010: Year-round, the ICSW participated in the development of *Healthy Iowans 2010*, for the purpose of assuring attention to women's health issues in every chapter. As part of its role in this project, the ICSW developed a paper on women's health for *Healthy Iowans 2010* for the Department of Public Health.

Iowa Council for International

Understanding: Throughout 1998, the ICSW met with many worldwide women leaders through the Council. At the meetings, exchanges were made on programs and initiatives designed to elevate the status of women. Representatives with whom the ICSW met were from Spain, Egypt, Kyrgyzstan, and India.

Iowa New Choices: The Commission participated in monthly telenet meetings with this group, composed of state coordinators of displaced homemaker/single parent programs. As a follow-up to one of those meetings, the ICSW wrote to Barbara Olk Long, Warden,

Iowa Correctional Institution for Women, asking her to distribute Iowa New Choices brochures to women upon their release from prison, to which she agreed.

Mothers in Prison, Children in Crisis rallies: The ICSW assisted in organizing rallies at the Polk County Courthouse and at the Iowa Correctional Institution for Women in Mitchellville to coincide with Mother's Day. The rallies were intended to call attention to the number of mothers in prison, who are convicted of nonviolent crimes and would be better served in community treatment programs.

National Associations of Commissions for Women (NACW): Executive Director of ICSW served as a board member, attending the 1998 NACW Convention with one other staff member and the NACW Board meetings in July and November. As a Board member, Charlotte Nelson administered the 1998 Outstanding Achievement Award for the association and served on its Nominating Committee. The ICSW also edited the NACW membership brochure, letterhead, and envelopes and met via conference call with commissions from Region VII, focussing on a common effort toward pay equity.

Quality Jobs for Quality Communities: The ICSW served on the advisory board for this group whose goal, through public forums, economic development pilot projects in select communities, and public information dissemination, is to generate grass roots interest in the discussion of quality jobs, bring research-based information about the subject to the public's attention, and to, ultimately, create an environment conducive to the creation of more quality jobs in Iowa. The Commission wrote a white paper for the project on women and quality jobs in Iowa.

White House Project: The ICSW met with a representative of the White House Project, a nonpartisan, nonprofit effort to create a climate conducive to electing women to the U.S. presidency as well as to other elected positions. The ICSW made suggestions and followed up on several contacts for places to display ballot boxes and distributed them as part of the Project's Ballot Box Initiative, the first initiative of the Project. The Ballot Box listed 20 women the Project believes are qualified to fill the presidency, from which each person could vote for five. Results from the initiative will be announced in January of 1999. The Commission also attended a White House Project kick-off in Des Moines, with project founder, Marie Wilson.

SECTION 5: Contractual Agreements

The Iowa Commission on the Status of Women (ICSW) has contractual agreements to administer state fund appropriations to public and private nonprofit programs providing services to displaced homemakers and to administer state fund appropriations to the Iowa Coalition Against Domestic Violence (ICADV) and the Iowa Coalition Against Sexual Assault (IowaCASA) for training on issues related to domestic violence and sexual assault.

DISPLACED HOMEMAKER GRANTS

During fiscal year 1998, the ICSW administered \$125,775 in state fund appropriations as grants to 10 public and private nonprofit programs providing services to displaced homemakers. Displaced homemakers are individuals who have worked principally in the home providing unpaid household services for family members. They are persons who are unemployed or underemployed; have had or would have difficulty finding appropriate paid employment; and have been dependent on the income of another family member or on government assistance, and are no longer supported by that income. Programs that work with displaced homemakers help them deal with the trauma of their situation and prepare them for education and training toward self-sufficiency. Reports from the programs with grants during fiscal year 1998 show a total of 2,424 were served with counseling, support

groups, skills evaluation, English as a Second Language, and pre-employment assistance.

Fiscal Year 1999 Grants: Applicants were accepted from freestanding entities and subgroups or special programs sponsored by a larger organization. Thirteen applications were received from the programs located statewide. In June, the five-member Displaced Homemaker Advisory Committee met and made grant recommendations. The committee included Dr. Judith Conlin, chair; Mary Wiberg, Department of Education; Charlotte Nelson, ICSW executive director; Lisa L. Green, ICSW treasurer; and Marilyn Rowe, Iowa Workforce Development. One appeal was received from the Des Moines Area Community College (Urban Des Moines and Ankeny Campus); it was denied on July 6. The two other organizations that were denied are the YWCA of Oskaloosa Tec and the Des Moines Register Learning Center at the YWCA.

VIOLENCE AGAINST WOMEN

Addressing the priority area of violence against women is done through a cooperative relationship with the Iowa Coalition Against Domestic Violence (ICADV) and the Iowa Coalition Against Sexual Assault (IowaCASA). Resources and information are shared among the offices, thereby enhancing the ICSW's ability to carry out its responsibilities through interaction with these private, nonprofit agencies. Together, they work to strengthen efforts to prevent sexual assault and domestic violence, and to support programs that provide services to victims. The two organizations were located with the ICSW until April of 1995.

Fiscal Year 1998 and 1999: The ICSW administered state fund appropriations of \$9,500 to ICADV to provide training to community professionals and the general public, \$6,250 to provide training to service providers and \$5,250 to provide training to criminal justice system personnel on issues of domestic violence. IowaCASA was funded through state appropriations of \$9,665 to provide training to service providers, \$5,667 for training of community professionals, and \$5,668 to provide general public education on issues of sexual assault.
